# General Membership MEETING MINUTES – May 3<sup>rd</sup>, 2022 Parthenon Diner

As usual, before the meeting started, Cookie was selling the 50/50 tickets for HALF the CASH and 1 NCM 2023 Corvette Raffle Ticket that George Sipprell donated.

## **CALL TO ORDER – PRESIDENT RICK 7:07pm**

Meeting commenced at 7:07pm with Dennis starting us on the Pledge of Allegiance.

We met at The Parthenon Diner in their private room.

**Opening Comments:** Rick thanked Gail and Todd Loucks for taking on the Membership position and asked everyone to direct their attention to the table closest to the entrance that is now designated to welcoming new members to their first C. C. of C. meeting. Todd mentioned that he and Gail would like to put together a small “goodie” bag for new members. Rick mentioned how important this Membership position is because without members we wouldn’t have a club! Gail and Todd are off to a Good start!! KEEP THE MOMENTUM GOING!

**Welcome To New Members:** A newer member attended his first meeting: John Pearson. He stood up and told us a little about himself. He lives in New London and owns his own business. He has a 2015 Velocity Yellow Corvette. He also attended his first club “cruise” that Frank and Shari Bugaj put together this past weekend (May 1) – the cruise to Harry’s in Colchester for lunch then to Salem Ice Cream for dessert. Welcome John!

**Approval of APRIL’S Minutes:** The minutes of the April meeting were approved unanimously.

**CORRESPONDENCE:** Rick received a Thank You letter from Rich & Rhonda Forristall. Rick read a Thank you letter from Ann Krajewski thanking everyone for their heart-felt cards, letters, emails etc expressing their sympathy on the passing of her dad just recently.

**TREASURER’S REPORT:** Walt gave a short report about the details of incoming bills and outgoing payments and account balances. The club is in good standing.

## **OLD BUSINESS:**

- **SPONSORS** Jack was excited to announce that our club has a new sponsor: TOWN FAIR TIRE is now on board as a \$2,500 sponsor. An extra benefit of having Town Fair Tire as a sponsor, club members can participate in Town Fair Tire’s Group Purchase Program, purchasing tires at lower-than-advertised prices. For more information you can go to their website [www.townfairtire.com](http://www.townfairtire.com). Jack spoke of another sponsor that he hopes to get on board very soon! Stay tuned for more good news!!
- **MAY 30 - MEMORIAL DAY PARADE:** Jack announced that we have been invited to participate in East Haven’s Vets in Vettes Parade. He thinks 5-8 cars will be

needed to transport the veterans. A couple people already volunteered. If you are interested, contact Jack for more information.

- **NATIONAL CORVETTE MUSEUM:** George Sipprell stood up and announced that he just returned from Bowling Green, KY He was at the Corvette raffle and had a blast. He then spoke in depth about the BASH. An entire weekend of fun-filled activities. He spoke of neat detail packages where you can bring your car to the museum and have it "delivered" back to you in SHINY NEW CONDITION as if it just rolled off the assembly line. A perfect gift for the person who has everything. He spoke of the Hall of Fame and all the Educational Programs/Seminars offered. (Vettecademy, Fully Vetted and NCM Driver's Education Programs etc.) Of course he spoke of the 2024 Corvette Caravan and all the "Meet and Greets" along the way. Then he was very proud to announce that he received his MASTER AMBASSADOR Badge!

## **NEW BUSINESS / EVENTS:**

**LIME ROCK PARK HISTORIC FESTIVAL 40:** Rick introduced Lowell Paddock who spoke about the upcoming **Historic Festival 40** and **Sunday in the Park** where glorious racecars from bygone eras spend their Labor Day Weekend at Lime Rock Park doing what they were made to do: GO RACING!

Celebrating its 40th year, the Lime Rock Historic Festival launches into action with a 17-mile tour through the area with Thursday's Vintage Race Car and Sports Car Parade. Friday, Saturday and Monday feature non-stop on-track competition a diverse set of historic racing classes. On Sunday, the Concours and the Marques will display nearly 1,000 classic cars, the Penske Roadster and La Mans cars on display. Something UNIQUE from every "Generation" of Corvette. You will see many GM celebrities there, as well. We all thanked Lowell for his interesting and informative presentation.

- **CLUB CLOTHING:** Dean Loucks has taken over this position. He was unable to attend this meeting but Rick filled us all in on what Dean has accomplished so far. Rick said that Dean has created a tabbed spiral binder with color printed pages of each category of items that we intend to have for sale. Dean approached Deb Katz of West Haven (as suggested by Rick) Her retail store is called Fully Promoted in Milford. She does Embroidery and Screen Printing. She can even print our Car Show T-shirts. More info at our next meeting when Dean can attend.
- **CAR SHOW 2022** – Eddie Karedes stood up and announced that our date will remain Sunday, October 2 (with no rain date) Rain or Shine. He needs helpers!! He needs JUDGES (goal is 32 judges) He said that at our "Members Only" car show at Hammonasset we could hold JUDGING TRAINING for those who need help but would like to be a judge. He needs someone to take care of ordering trophies. He needs someone to run the vendor area. Just to name a few jobs. He wants to continue the Ad Book – he needs someone to take care of that. We will continue the discussion at our next meeting.
- **CAR SHOWS AND CRUISES** – In Anthony's absence, Rick ran down the list of upcoming shows and events/cruises:  
**CRYSTAL RIDGE WINERY** – Friday evening June 24.

**CLUB CORVETTE of CT Member Only Car Show** – Saturday, May 14 -- Frank Bugaj and Rick will host this. Frank wants to have a “People’s Choice” Award. Everyone attending will get a small card for them to write down the car’s NUMBER on and he and Rick will tally up all the cards and the “People” will choose the FIRST, SECOND and THIRD place winners! Bring your own lunch and beverage (remember no alcoholic beverages allowed in state parks) Rick will send out an email reminder to everyone – so stay tuned to your email.

**CORVETTE STORE & MORE CAR SHOW (Anthony’s show)** - Sunday, May 15

**AYUTHAI RESTAURANT Thai Food Sampling** – no date set

**BALISE CAR SHOW** – Saturday, May 21

**MOROSO FIRST ANNUAL CAR SHOW** – Saturday, August 20

**CLUB PICNIC** – no date set

Rick had Sign-Up Clip Boards for each event going around to each member to sign up if they were interested in attending.

Jack asked if anyone would be interested in going on the Woodstock Trip again. If so, he would arrange it. He had all positive feedback!!!

Sue mentioned that a couple ladies have started a “Ladies Luncheon” to be held every month. The next luncheon will be Wednesday, May 25 at Lenny’s Indian Head Restaurant, 205 S Montowese St, Branford, CT at 1:00 if you’re interested! COME JOIN THE FUN -- LADIES!!

- **LAST CALL FOR 50/50** – Cookie went around the room again with Raffle Tickets for sale.

Cookie had newer member John Pearson pull the winning 50/50 ticket and Walt won \$90. He graciously donated it to our Ronald McDonald House Fund – Thank you Walt.

He pulled another ticket out of the bucket for the NCM 2023 Corvette Raffle ticket and Shari Bugaj won!! Congratulations to BOTH winners!!!

#### **ADJOURNMENT:**

Meeting was adjourned by President Rick at 8:35pm.

Respectfully submitted by,

Dee M. Tully

## PRESIDENT'S MESSAGE

With the nice weather finally upon us, our Club social calendar is filling up quickly and I anticipate that it will remain that way throughout the year. The member response to upcoming events has been very positive, indicative that we are all ready to get out and enjoy our cars and ourselves this summer. I am working on an evening at Crystal Ridge Winery, South Glastonbury CT. They have hosted both the Porsche and Ferrari Clubs at the winery and they fully understand our need for secure parking. While a weekend event would have been preferable, the winery is booked solid with wedding showers every weekend until next year! So far, we have 44 members that have signed up so far and I anticipate more prior to the June 24 event.

I am very happy to announce that Todd and Gail Loucks will be taking over the Club's membership effort. Their first order of business will be greeting new members when they attend their very first meeting with CCC and Todd & Gail will be there to meet them and be sure that they are welcomed to the Club and seated at a table where they can be a part of the meeting. Equally important is growing our membership, new members keep our Club strong and bring new ideas and are potentially the Club's future leaders.

Additionally, Dean and Cindy Loucks have volunteered to take on our Club Clothing. When Galli moved to Florida working with them became more difficult as they no longer have a presence at our car show and were not at Carlisle in 2021. Dean has been working diligently to find a new supplier and spoke with several local vendors before choosing one that he feels will provide us with a wide variety of quality clothing products at a reasonable price. We will not be maintaining a clothing inventory and a single order will be placed monthly for all who would like to purchase items. Thank you to Todd, Gail, Dean and Cindy for volunteering to take on these tasks.

Much more to come soon on future events and our car show 2022! Buckle up, it is going to be a very busy year!

*Alone we can do so little, together we can do so much." --Helen Keller*

## **FUTURE NEWSLETTER ARTICLES**

We really need your help in writing articles for the newsletter. You have responded very well with photos of events, but we also need more articles. Anyone who organizes an event should prepare a write-up for the newsletter after the event or ask someone in the group to do it. You don't have to be concerned with the spelling or grammar - I'll take care of that. That's my job as editor.

I also look forward to any tips you can contribute to the newsletter to help your fellow members. Let's try to continue the "Tips From Members" section of the Vette Gazette, similar to what you see in your car magazines. Send your inputs directly to my email [lgbrowne1109@gmail.com](mailto:lgbrowne1109@gmail.com). Do not send them through the Club's group email.

Thank you.

Les Browne - [lgbrowne1109@gmail.com](mailto:lgbrowne1109@gmail.com)

## Breaking News:

### Club Corvette of Connecticut Announces Two New Sponsors

Our club is proud to welcome Town Fair Tire as one of its two newest sponsors. Now, club members can participate in Town Fair Tire's Group Purchase Program, purchasing tires at lower-than-advertised prices. The Members-Only section of the website has details on how members may take advantage of Town Fair Tire's program.

Town Fair Tire offers convenient service options and other extras, such as Guaranteed Low Prices, 30 Day Test Drive, Road Hazard Guarantee, Free Front Wheel Alignment, Nationwide Warranty, Rebates, Promotions, and Coupons.

[Visit Town Fair Tire's website](#)

The club is also delighted to welcome Callaway Cars Inc. as a new sponsor. The company designs, develops, and manufactures high performance specialty vehicles and aftermarket performance products, marketed and distributed under the Callaway brand. They enjoy a 35-year history of building high-powered Corvettes, beginning with the 1987-1991 Twin Turbo Corvettes constructed for Chevrolet.

Reeves Callaway and his team continue to support the Corvette enthusiast market with high performance products and vehicle packages sold and serviced by GM new car dealers across North America. Our association with Callaway will provide new opportunities for both organizations.

[Visit Callaway Cars' website](#)

## *A Ride Well Deserved .....Finally!!*

You never know when an opportunity will arise to fulfill the dream of another. As a child, my mother always told me, "It doesn't cost anything to make someone feel good", and this is certainly an example. My wife and I were at church services when the Pastor mentioned that for years he had been praying for a Corvette and was still patiently awaiting its arrival. This was the opportunity of a lifetime as we had brought a Corvette to church that day. Upon exiting the church, I informed the Pastor that his prayers had in fact been answered and that it was parked out in the far corner of the parking lot far away from any other car. Upon seeing it he was thrilled with the bright red color and only asked now for a set of keys. I did offer up the keys but kept a death grip on the fob just to make sure that the car didn't go anywhere without me. My wife then asked if he would like to go for a ride. He jumped at the offer, quickly changed his clothes and headed for the car.

We started out slowly for a spin around the block as the car is quite loud and can be a bit intimidating to a newcomer. I wanted Pastor Ed to enjoy his Corvette ride to the fullest so when we turned onto the main road his excitement level accelerated almost as fast as the Corvette, and he was enjoying every minute of it and then some. Much more power than his Nissan Murano he exclaimed. When we returned to the church parking lot, he was asked by another parishioner how his ride was, he described it as "heavenly".

# Spring Carlisle 2022!

After a 3 year hiatus, Steve Widger, Ed Yost, Mike Romanelli and I once again attended the Spring Carlisle – the huge event that kicks off the show season for car enthusiasts. It is nothing like Corvettes at Carlisle, not even close. Vendors cover almost the entire fairgrounds, even the “fun field” where we have out canopy in August is filled with cars and car parts. All spectator parking is on the street or a close by back yard if you are lucky enough to find one. It is amazing how much is available and so much of it becomes a “must have” for each of us. While none of us had a shopping list of what we needed, we still managed to almost fill the bed of a full- sized pick- up truck while we were there.

The cars for sale is incredible. If your dream car is a '64 Falcon Futura, a 409 Chevy, a 58 Edsel, or a Studebaker Golden Hawk, you will most likely have several to choose from at Carlisle. Some of the aisles were so heavily traveled that shuffled along behind other shoppers all in search of their next treasure, very reminiscent of Corvettes at Carlisle 20 years ago.

When I try and decide what I like best about going to Carlisle, the cars and the accessories are a lot of fun, but the best part is just hanging out with my friends and enjoying each other’s company.

# Club Corvette of Connecticut's Unofficial Breakout Ride May 1<sup>st</sup>, 2022

It was a spur of the moment decision, but the decision was one that I had brewing for a few days. Friday, April 29<sup>th</sup>, was a cold and bright, and blustery day. The weekend was looming closer and closer. Weathermen and weather ladies had promised warmer temperatures and brighter skies and less wind. Yet, I still held out, not wanting to send out that email to the members of Club Corvette of Connecticut. Saturday, April 30<sup>th</sup> arrived, and the "hawk" was still swirling about, but not as bad as it had the day before, and the day before that. I had to decide. Pull the trigger on that email to the club or stand down and let the day pass without doing a thing. I pulled the trigger, late Saturday afternoon, knowing that now, Sunday, May 1<sup>st</sup>, held promise that the day would be warmer than the past few, and the "hawk" would be resting peacefully off the coast of Maine somewhere, causing whitecaps to show up on rivers and lakes and the coastline of Maine. That's OK by me because I wasn't heading that far North. They call it "spur of the moment" and although it was just that, some members of the Club decided that they didn't want to waste the beautiful day gardening, or raking up leaves, and came out with their Corvettes to take a drive in the countryside. Oh, not a great number of Corvettes showed up, but enough to have someone call it a "parade". Shari and I, Barbie and Ken, Gail and Todd, Scott and Dee, and John Pearson, traveled the backroads to Colchester, to have lunch at Harry's Place, a 102-year-old hot dog stand, which offers more than just hot dogs now a made the Goodspeed delay we were #149 to destination.

We literally, arrived and Harry's, parked in the rear parking lot, walked up to the window and ordered our lunches.

Ten minutes later, we were all seated at picnic tables, off to the side,

enjoying our lunches in the glorious sunshine.

We watched as car after car pulled in, and what seemed to catch everyone's eye in our group, was this very pristine and shiny black 1930 Ford coupe that pulled into the parking lot. The owner of the car, a fellow named Josh, walked over to where our Corvettes were parked and was giving them the once over with his eyes, while we in turn, were giving his beautiful Ford the same treatment, in return. Finished with our lunch, we meandered on over and started talking with Josh, who, it turns out, is/was/still thinking about being a returning, member of, wait for it.....Club Corvette of Connecticut!!!!...How amazing is that?? I mean, what are the odds of that happening? He apparently read of our heading to Harry's Place today, and living locally in Colchester,

he broke out his 1930 Ford, to come to Harry's to quote him, "check out your Corvettes". We spent a while chatting with Josh, and even coaxed him to show us what it took to start this car of his up. Apparently, you just don't jump in and turn the key, like we do with our "modern cars". No sir, you set the choke, then set the timing, then turn on the fuel, and then hit the starter button, while adjusting the timing until the car's ignition system catches and begins running smoothly.

It was quite the history lesson that Josh provided us right then and there in the parking lot of Harry's Place. Hopefully Josh will join us at our monthly meetings once again and join us on a few rides. He'd be a welcome member once again, that's for sure. When asked why he hadn't renewed his membership, he explained that he worked in New Haven, and it was just too much to run back home, get his Corvette, and head out to Branford. Now, while driving your Vette to the monthly meeting is nice, I explained to him that perhaps he should just stop in Branford on his way home for dinner the day of our meetings, and that it really wasn't necessary to bring his Vette there. After all, it's the members, the people, that make up the club, not the cars alone! Hopefully Josh will reconsider and join us again, with his C5 Corvette. Everyone in our little troupe, seemed to agree, that he'd fit right in. Now, after that great lunch, there was only one more thing left to do. Head to Salem Ice Cream and indulge in a little decadent dessert. Once again, timing was on our side as we pulled off of the roadway that Salem Ice Cream is located on, and walked over to the ice cream stand, placed our orders, and in less than 10 minutes, we were seated, enjoying our tasty treats in the glorious sunshine. Once again, we watched as the parking lot slowly filled and by the time, we were ready to leave, there was a line of about 10 people waiting to place their orders. The "que gods" were with us today that was for sure!

Now having sated our taste buds, and with the afternoon waning, we all fired up the Vettes, and headed for home, via backroads, of course, which led us to Interstate #95, for most of us, while John headed up Route # 156 to visit with family. Shari and I waved to Barbie and Ken and Gail and Todd as they headed South past the Route #9 ramp Shari and I were taking Northbound. I must admit, it turned out to be a great day with great folks. Thanks everyone for coming out. I hope that this one will be added to the books of "great rides" .....until the "next one" comes along. Glad you enjoyed the day.

Frank Bugaj

## The Pit Stop

**2023 C8 Production to Start May 8<sup>th</sup>!!**

Courtesy of GM

Due to the Corvette plant shutdown last month, it looks like Chevy is going to have to keep making the 2022 C8's for a week longer than previously planned.

The 2023 C8 is now scheduled to start production on Monday, May 16th. This production start will not include the Z06, as the ability for the dealers to even put in an order is not scheduled until late spring. There is no word on when the Z06 will enter production.

According to Keith over at Corvette Blogger, there will be constraints on some of the options when the 2023 production starts:

The manual limited-slip differential is constrained but the electronic limited-slip differential is available. The result is that those wanting Z51 with Mag-Ride will get their cars faster.

Another constraint is the ZZ3 Engine Appearance and Lighting Package, which has also been on the constraint list since January after the original vendor closed its carbon fiber business.

On the plus side, the 70th Anniversary Packages will be readily available as will the dealer-installed LPO 5ZZ High Wing Spoiler.

The Rear Park Assist hasn't been available since the end of January but will start reappearing on the 2022 Stingrays being built beginning the week of April 11th. For those that had their cars built without rear park assist, you will most likely hear from Chevrolet sometime in the 4th quarter about a free retrofit of the park assist module.

## 2023 Corvette Z06 on the Turntable at the New York Auto Show

Chevrolet has its two models of the [2023 Corvette Z06](#) on display at the New York Auto Show and we've been looking for a great video from an attendee that shows them off without too much commentary or filmed vertically (your welcome!). Thanks to a YouTuber named [IBKade](#) for sharing this video and allowing us to soak in these images.

On the turntable is a Silver Flare 2023 Corvette Z06 Coupe in its standard configuration with the ultra bright Spider forged aluminum wheels, chrome exhaust tips, and the chin spoiler is offered in visible carbon fiber. Inside the Silver Z06 is the dipped Adrenaline Red interior with the level 2 carbon fiber trim and the carbon fiber steering wheel.

Our attention then moves to the Z06 Convertible on display which is decked out in Arctic White with the full Z07 performance package and visible carbon fiber wheels while Black nacelles and yellow brake calipers complete the look. We shared a video of the car earlier in the week as it [showed up late](#) and was led to its display after the show had opened to the public.

As the original poster of the video is asking to know which of the two models on display is your favorite, we made up a quick poll to get your opinion. Check out the video and then let us know your favorite in the poll below. Both of these cars are fantastic and the NYIAS displays really help fuel the imagination on just how much fun these Corvettes will be.

## Corvette Racing Assessed a Weight Penalty In BoP Change Ahead of Race at Laguna Seca

Photo Credit: [IMSA / Twitter](#)

You didn't think we would get to Laguna Seca without another Balance of Performance update, did you? Chevrolet's [Corvette C8.R](#) has come alive the last two races and has taken the points lead in GTD-Pro following its win at Sebring and a third-place finish at Long Beach. Race organizers are now attempting to put the genie back in the bottle with the latest update as we can't have that damn Corvette coming into the class with a waiver and winning everything!

IMSA released the new [Balance of Performance](#) updates this week and the C8.R will gain 20kg in weight for a total of 55kg now in the C8.Rs ballast box. The other listed change shows a "10mm Rear Wing Gurney Required."

BMW also saw its power reduced via a reduction of its maximum RPM and a decrease of its turbo boost levels across the board. They will also have 1 less liter of fuel for a total of 97 liters on board.

You can see the current Balance of Performance Updates for the class here or check them out for all classes at [IMSA.com](#):

Believe it or not, Laguna Seca is just the 4th race for the 2022 season and we've already had six BoP updates affecting the Corvette that we've counted so far for the season.

We learned about the Balance of Performance updates via IMSA's [twitter feed](#) in which they ask if we are Team @CorvetteRacing or @BWMotorsport. You can imagine how that non-scientific poll is going with Team @CorvetteRacing getting most of the kudos. Although as one commenter suggested, let's ask Driver Nicky Catsburg who drives for both teams.

## ***The National Corvette Museum Announces Plans for a New Education Gallery***

The National Corvette Museum (NCM) is pleased to announce plans for a fully reimagined, 2,000-square-foot dedicated education gallery. The new space, tentatively scheduled to open in late 2022/early 2023, will allow the NCM to provide a state-of-the-art educational experience geared directly to the next generation of Corvette enthusiasts, engineers, designers, and more.

The General Motors Technical Center in Warren, Michigan will serve as the design inspiration for the National Corvette Museum's new Education Gallery. Just as the Tech Center has served as a beacon of inspiration, so too will this new gallery space.

Plans are being created by Sewell and Sewell Architects, and the gallery is being constructed by Scott, Murphy & Daniel. Tapped to assist in the design of the space is Tom Peters, former Director of Exterior Design for the GM Performance Car Studio and 2019 Corvette Hall of Fame Inductee. The General Motors Technical Center is the inspiration for the overall design theme of the updated gallery.

According to Deb Howard, Museum Educator, "The new education gallery will be designed for both children and adults to enjoy, featuring artifacts and interactive technology celebrating the unique story of Corvette. The new space will not only serve guests visiting from out of town with youth-centric content for families to enjoy, but it will also serve as a space to engage our local community schools with standards-based STREAM education, learning opportunities, and new educational programming."

This exciting project is made possible by the generosity of donors Tim and Melanie McMichael of Gypsum, Colorado. According to Tim, "It has always been our dream to be a part of an educational experience that could spark a fire or be the catalyst for a child to see that it is possible for them to do or be anything in the world – from an astronaut, to a doctor, to a car designer." Melanie continued, "A children's education gallery will provide a different lens for children to view how a car works and possibly change the way they think and, even further, instill in them a passion that will push them to do something amazing with their lives."

Sharon Brawner, President and CEO of the National Corvette Museum, echoed the sentiments of the McMichael's. "Whether we are teaching our youngest visitors on a student field trip or welcoming motorcoaches full of tourists from states away, the goal of the National Corvette Museum is to inspire our guests and leave them wanting to know more. This new gallery will educate, engage, and entertain our guests, and we thank Tim and Melanie McMichael for their generosity in helping us realize this vision."

## ***The National Corvette Museum Announces 2022 Corvette Hall of Fame Members Elect***

At a ceremony earlier today, the Corvette Hall of Fame announced its 2022 members-elect. The Corvette Hall of Fame was established by the National Corvette Museum in 1998 to confer official recognition upon the most influential individuals in the history of the Corvette and honor their achievements. Nominees for the Corvette Hall of Fame are selected by an anonymous panel of Corvette experts and then voted upon by a separate group of 100 anonymous Corvette experts. Since its inception in 1998, the Corvette Hall of Fame has inducted only 75 people.

Each year, a leader is inducted into the Corvette Hall of Fame from one of three categories: GM-Chevrolet, Racing, and Enthusiast. The 2022 members-elect are:

### **GM-Chevrolet – Ed Welburn, Retired VP, GM Global Design**

Ed began working at GM in 1972 as an associate designer, and would rise through the ranks to become the first Global VP of Design ever, with a team of 2,500 people in design studios around the world. To foster a sense of teamwork and cooperation between studios, Ed invited all design staff worldwide to submit their ideas for the C7 Corvette. He held the bar high, encouraging his team to make a Corvette that could be called “Stingray” once again. I’m a new Text block ready for your content.

## Racing – Gary Pratt & Jim Miller, Founders of Pratt & Miller Engineering

In 1989, race car builder Gary Pratt and successful businessman/visionary Jim Miller, joined forces to form Pratt & Miller Engineering. In 1996, Chevrolet would approach them about building and campaigning a factory-backed racing effort beginning with the C5 Corvette. Since their debut in 1999, Corvette Racing has added up eight Le Mans wins and 15 Championships, while working with the Corvette production team to advance the street car development through technology transfer. Their efforts have not only advanced the reputation of Corvette but created a worldwide fan base along the way.

## Enthusiast – Elfi Arkus-Duntov, The First Lady of Corvette

Known as the First Lady of Corvette, Elfriede “Elfi” Wolff married Zora Arkus-Duntov in February of 1939 just before the outbreak of World War II. Throughout his career with Chevrolet as the Chief Engineer of Corvette, she was a constant companion, impressing everyone with her grace, enthusiasm, and knowledge of Corvette. After his retirement in 1975, Zora and Elfi would attend many Corvette shows together, often sitting for hours to sign autographs. After his passing in 1996, she became a source and principal enabler behind the definitive biography of Zora’s life.

Corvette Hall of Fame members-elect have distinguished themselves not only through their accomplishments but also by their high standards of integrity and character that reflect and enhance the reputation of the Corvette and the National Corvette Museum. "This year's members-elect are simply remarkable," said Sharon Brawner, President and CEO of the National Corvette Museum. "The Corvette has long engendered a very passionate following, and we are thrilled that these deserving individuals have been recognized for their own extraordinary Corvette stories."

Those interested in attending the induction ceremony of the Corvette Hall of Fame can purchase tickets in June when registration opens for the museum's anniversary event. Nominations for the 2023 Corvette Hall of Fame members-elect will be open from May 2nd-August 5th, 2022. Learn more at [corvettehalloffame.org](https://corvettehalloffame.org).

# NCM CORVETTE RAFFLE

The National Corvette Museum is licensed by the Kentucky Department of Charitable Gaming under license number ORG0000854.

At this time, we offer purchasers located in Kentucky the ability to purchase raffle tickets on their personal computers, mobile devices and on-site at the National Corvette Museum and NCM Motorsports Park.

To purchase a raffle ticket online, you must be at least 18 years of age and be physically located in Kentucky at the time of purchase. You do not have to be a resident of Kentucky to participate.

If you are not located in Kentucky, you may download an Order Form from this site and send to NCM for processing.

Below are current NCM active raffles.

For additional information regarding National Corvette Museum raffles, visit the NCM Web Site

Don't forget for your raffle needs.

You can always contact George Sipprell

@

[gsipprell@gmail.com](mailto:gsipprell@gmail.com)

# 2022 UPCOMING NCM EVENTS

## MiM Dragon Run

Presented by Michelin at Biltmore Estate  
May 1 - May 4, 2022 (WAIT LIST AVAILABLE)

## MiM Le Mans Tour

Jun 3 @ 8:18 pm – Jun 14 @ 9:18 pm

## Vets `n Vettes presented by Mobil 1

a full day at the NCM Motorsports Park  
Nov 4 @ 8:00 am – Nov 6 @ 4:00 pm

# CLUB CORVETTE CALENDAR OF EVENTS

## May Events

May 3<sup>rd</sup> General Membership Meeting – 7:00 pm - Parthenon Diner, 374 East Main St, Branford

May 14<sup>th</sup> (weather permitting)

Frank Bugaj and I are hosting the very first Club Corvette of Connecticut *member only* car show social gathering to be held on Saturday, May 14<sup>th</sup> at Hammonasset State Park in Madison

**Time:** 10:00 to approx. 2:00

**Place** – Hammonasset State Park.

**Where** – We will attempt to secure the pavilion where our car show has traditionally been held, this is in the West side of the park, since securing a pavilion is first come first serve until Memorial Day, one of us will arrive early in an attempt to secure this location. In the event this is already taken, we will be directly across from the pavilions in the grass area. When you enter the park go to the first rotary and then take the very first exit on the right. The pavilions are ahead on your left and the grass field a little further down on the right.

LOOK FOR THE CLUB CORVETTE OF CT BANNER AND THE AMERICAN FLAG!

**What to bring** – First and foremost, bring your favorite ride to show off to your fellow members, it doesn't have to be a Corvette, only your pride and joy. Plan on bringing a chair or blanket just in case we don't get the pavilion, sunscreen and any food or beverages you would like to enjoy. Remember, alcoholic beverages are **not** allowed at CT state parks.

**Afterwards:** Nothing is etched in stone yet, but we may have couples that would like to go to Lenny & Joes for a bit more to eat, or a nearby ice cream stop for some afternoon dessert.

If you would like to attend and have not already signed up or contacted me already, please send me a quick email so that I know how many members to expect. [rickwasserback@outlook.com](mailto:rickwasserback@outlook.com)
