PRESIDENT'S MESSAGE

Happy New Year to all our Club Corvette of Ct. members and friends, January is an important month for all Corvette enthusiasts and especially for all of us at Club Corvette of Connecticut. It was in January of 1993 that Club Corvette of Connecticut was formed after the Eastern Connecticut Corvette Club was dissolved. Eight members from this former club met and Club Corvette of Connecticut for formed. As we celebrate our 30th anniversary this year, this group of 8 has now grown to 157 families, and a total of 260 members, and we are not done yet! Additionally, on January 17, 1953 – 70 years ago Chevrolet displayed the first Corvette sports car at the General Motors Motorama show in New York City, USA. It was only a concept car at this stage but proved so popular that it was put into production in June. Since the debut in 1953 an estimated 1,731,482 Corvettes have been built, with the most sold in 1984 when the C4 was introduced after production was cancelled in 1983.

I am very optimistic about 2023, we have our car show scheduled on June 4th at Moroso Performance Products, our membership is growing, and our plan is to keep the events calendar filled in 2023. We are starting off with a tour of the Club's adopted charity, The Ronald McDonald House in New Haven on January 21st. Dick Popilowski is very excited about having CCC members tour the facility so that we can see firsthand all that they do for the families that are staying there. Events are very difficult for a single person to coordinate them all, so if you would like to assist in organizing and planning an event, please contact any of our board members and join in and create some fun for everyone.

My sincerest thanks to our sponsors, it is their generous support that enables us to help others who are in need, and to our Board of Directors and all of our members that make CCC what it is today.

Rick

FUTURE NEWSLETTER ARTICLES

We really need your help in writing articles for the newsletter. You have responded very well with photos of events, but we also need more articles. Anyone who organizes an event should prepare a write-up for the newsletter after the event or ask someone in the group to do it. You don't have to be concerned with the spelling or grammar - I'll take care of that. That's my job as editor.

I also look forward to any tips you can contribute to the newsletter to help your fellow members. Let's try to continue the "Tips From Members" section of the Vette Gazette, similar to what you see in your car magazines.

Send your inputs directly to my email lgbrowne1109@gmail.com. Do not send them through the Club's group email.

Thank you.

Les Browne – lgbrowne1109@gmail.com

THANK YOU TO THE CONTRIBUTORS TO THIS MONTH'S NEWSLETTER

Rick Wasserback

Bob Wadyka

New Members

Our newest Club members, John & Barbara Mannello from Waterbury. John owns a 2017 White Stingray, is an avid fisherman, and is an excellent wine maker! Both John & Barbara are retired and enjoying a life of leisure.

Wreaths Around America

For the second year in a row the town of East Haven was selected to participate in the "Wreaths Across America" program. The theme for this year was "Find A Way To Serve." The event took place on Saturday, December 17th. Those participating, which included several members of Club Corvette of CT, were instructed to assemble on the Town Green at 11:00 AM. The ceremony was scheduled to begin promptly at 11:30, with the placing of presentation wreaths to honor the Army, Navy, Air Force, Marine Corps, Coast Guard, Merchant Marine, Space Force and POW/MIA. The event began with the singing of the National Anthem, followed by an opening prayer. At the conclusion of this part of the ceremony "TAPS" was rendered by members of the East Haven High School Marching Band.

Everyone then moved to East Lawn Cemetery, adjacent to the Green. Prior to the event the cemetery had been separated into sections and flags had been placed at the grave site of each of the veterans. Boxes of wreaths, corresponding to the number for each section, had been conveniently placed at the border of each section. It should be noted that the wreaths are identical to those that are placed at Arlington National Cemetery. Once a site has been identified a wreath is placed by the identifying marker. The name of the veteran, his date of birth and death, and branch of service are read aloud. A moment of silence and a hand salute follow. It's then on to the next, where the process continues, until all those in the designated section have been honored.

Volunteering at the presentation ceremony from Club Corvette of CT were yours truly, Jack Stacey (Master of Ceremonies), Rick Wasserback, who assisted in presenting a wreath to the US Air Force, Kurt Ryder and Don Byrne, Space Force, and Dennis Krajewski and Dean Loucks, POW/MIA.

At the cemetery we were joined by Lucy Wasserback and Sue Stacey. To be a part of this ceremony is a humbling experience and one soon not forgotten. Just ask any of those who participated!

The Pit Stop

C8 Z06 LT6 Break-in

Photo Credit: General Motors

Do you have one of the early Z06's? Are you getting one soon? If so, it is very important to break it in correctly, and the miles required are different if you are running it on the road vs. the track.

The main recommendation about the engine break-in is that the vehicle should not be pushed too hard for the first 500 miles for street driving and 1,500 miles before track use. The car should be driven at varying RPMs and speeds and not pushed to the redline regularly unless necessary. To make this easier for the driver, the digital tachometer will show a 6,600 RPM redline before hitting the 500-mile threshold. Even though the tachometer will show the redline, the engine will allow the owner to push past this.

The Z06's eight-speed dual-clutch transmission also requires a break-in period, and as such, the onboard system reduces engine power for the first 500 miles in the first two gears.

The video below is hosted by Chevy MyWay product specialist, Billy Konsoer. He leads the viewer through the Corvette Z06 engine break-in process and why it's so important. The video briefly looks at GM's dyno testing procedure for the Corvette Z06 engine and the type of engine oil used.

Corvette Trivia for Jan '23

Answers can be found at the bottom of the Calendar of Events section of the newsletter

1) Who named the Corvette?

C1 - 1953 to 1962

2) What was missing from the first 5 Corvette ever to come off of the assembly line?

C2 - 1963 to 1967

3) Although the 1963 Grand Sport looked much like the production coupes what part on the Grand Sport could not be found on the normal production coupes?

C3 - 1968 to 1982

4) In what year was the Stingray name introduced?

C4 - 1984 to 1996

5) In 1986 twenty Corvettes were sent to Lotus in England. Why?

C5 - 1997 to 2004

6) With all of the engineering and production improvements with the new C5. How much time did it take to build one?

C6 - 2005 to ..

6) When was the 6-speed paddle shift automatic transmission introduced as an option?

Artifact of the Month The Biederman Collection

For this installment of Artifact(s) of the Month, we'd like to introduce you to the Biederman Collection. This collection is made up of many artifacts, including an exhaustive selection of Corvette-related print ads, postcards, magazines, and toys, curated over the span of decades by George Biederman.

It all started in 1977 when George bought his first Corvette. As he looked over the sales brochure, he thought it might be nice to collect all the brochures of the Corvettes that came before his. Then he started collecting print ads and newspaper ads, going back to the 1950s. As libraries went to microfilm, he would get the full-page ads, putting them in acid-free binders to keep them protected.

As the fun of collecting picked up momentum, he bought toys, models, and pedal cars, carefully logging each one in binders indicating when, where, and the cost of each toy, seeking out only the best examples, and protecting them and the boxes they were sent in. Original toys that go back to the 1950s look like new, with their boxes being crisp, clean, and apparently untouched by time.

With the collection taking up several rooms in his home, he expects it will take two truckloads to get it transported. As sad as it is for him to see it go, he knows that the NCM is the perfect place for it.

As a founding member of the Museum, he considers this to be the perfect home for what amounts to so much of his life's work sharing, "I've seen how the Museum protects and presents Corvette history. They do that so well. I know that as they put parts of this collection on exhibit, people are going to say, 'Hey, I remember when I had that toy.'"

NCM CORVETTE RAFFLE

The National Corvette Museum is licensed by the Kentucky Department of Charitable Gaming under license number ORG0000854.

Purchasers located in Kentucky can purchase raffle tickets on their personal computers, mobile devices and on-site at the National Corvette Museum and NCM Motorsports Park.

To purchase a raffle ticket online, you must be at least 18 years of age and be physically located in Kentucky at the time of purchase. You do not have to be a resident of Kentucky to participate.

If you are not located in Kentucky and will be using a credit card as your form of payment, you can use the NCM website to interactively create an order form. The payment information will be encrypted for your protection and broken into two parts, some of which will only be on the printed form. You must have access to a printer at the time that you create the order.

You may enter the NCM's Interactive Mode here:

<https://raffle.corvettemuseum.org>

Alternatively, you may download the NCM's Raffle Ticket Request Form at

<https://www.clubcorvettect.com/wp-content/uploads/2022/06/RaffleTicketOrderForm.pdf>

Type your information in the available fields, print the completed form and mail it, with your payment, to the NCM.

Below are current NCM active raffles.

Don't forget for your raffle needs.

You can always contact George Sipprell at: gsipprell@gmail.com

He has tickets for sale!!!

Call him if you need a ticket!!!

Dinner at the Parthenon Diner – Come join us for dinner and conversation on Thursday nights at 6:00 pm Parthenon Diner 374 E Main St. Branford, CT – this will continue each Thursday evening unless Covid should spike again.

Answer for the Jan '23 Trivia

- 1) Myron Scott is credited with naming the Corvette at the time he was Chevrolet's Chief photographer.

C1- 1953 to 1962

- 2) The first five production Corvette coming off of the assembly line were missing an outside rear view mirror.

C2- 1963 to 1967

- 3) Although they looked exactly alike these 2 cars had none of the body part in common. The fiberglass body panels used on the Grand Sport were roughly half the thickness of the production panels to save weight.

C3- 1968 to 1982

- 4) The Sting Ray name was not used on the 1968 Corvette but return in 1969 ... Spelt as Stingray.

C4- 1984 to 1996

- 5) Chevrolet had contracted with Lotus to convert them into LT5 powered prototypes for the ZR1 project.

C5- 1997 to 2004

- 6) It took 55 hours to build the new C5, down from 70 hours that it took to build the C4.

C6- 2005 to ..

- 7) This option was introduced as an option for the 2006 model year.

28th CORVETTE SHOW & SWAP MEET

June 4th, 2023
