PRESIDENT'S MESSAGE

Happy Easter to all our members, hope everyone enjoyed their holiday.

This will be a very busy year so stay tuned for additions to our social calendar, and updates. We have many members that are now planning events for all to enjoy from track days and high-performance instructional driving to 3 – 4 -day weekend events later this year. It is great to see members taking interest in planning events, the more the merrier.

Front & center right now is our upcoming car show scheduled for July 14th. It is the only time all year that we asked our members to jump in and help us on show day. Sue Wadyka has been planning the show for months now and working on assigning jobs to make everything come together and make our show successful. Our show for 2024 is shaping up to be the best ever.

Mark your calendars with these important dates – May 11th, member only car show at Hammonasset with a Jimmy Buffett theme for the day, June 8th, JDRF Rallye for a Cure, July 14th – our car show, July 26th a day at Crystal Ridge Winery, August 17th, Club picnic at Branford Yacht Club, and December 14th, our Club annual holiday party at Clinton Country Club.

Lastly, we are already into the 2nd quarter for 2024 and we will begin planning on presenting candidates to serve on our executive board for 2025. With the exception of the President and Car Show Chairperson, all positions are open in 2025 to anyone member who would like to become involved in leading the Club and keeping us strong for years to come. My personal thanks to all who currently serve and work so hard to make our Club enjoyable.

Rick

FUTURE NEWSLETTER ARTICLES

We really need your help in writing articles for the newsletter. You have responded very well with photos of events, but we also need more articles. Anyone who organizes an event should prepare a write-up for the newsletter after the event or ask someone in the group to do it. You don't have to be concerned with the spelling or grammar - I'll take care of that. That's my job as editor.

I also look forward to any tips you can contribute to the newsletter to help your fellow members. Let's try to continue the "Tips From Members" section of the Vette Gazette, similar to what you see in your car magazines. Send your inputs directly to me. Do not send them through the Club's group email.

Thank you.
Les Browne

Ladies of Club Corvette April Event

Wood-n-Tap
Farmington

Please join the Corvette Ladies for lunch on April 11 at 1:30 pm at Farmington Wood-N-Tap, 1593 Farmington Avenue in Farmington. Here is a preview of the menu with some great seasonal specials and great favorites: [Farmington :: Wood-n-Tap \(woodntap.com\)](#). Please RSVP to me at (860) 463-2315 or timberwolf2005@comcast.net by Tuesday, April 9 if you plan to attend.

Dinner and a Party at the "Brushmill by the Waterfall"

They say that it takes a village to help out those in need when the need is greater than the individual can provide. In my case, it took some of my "family members" and some of my "Corvette family members" to do just that. HELP ME OUT!!!.....Let me explain....Now that Shari's birthday has come and gone, the help that I needed started around the beginning of the year, with the thought process starting earlier. Like the latter part of 2023. See, it was going to be one of those "Big Birthday Milestones" that she was going to hit, and I wanted it to be one that she'd never forget. So, I enlisted the help of my cousin John and his lovely wife, Zina, and I reached out to Barb and Kenny Uliano, to join in my conspiracy. Yes, conspiracy, because Shari was not to have any knowledge of this forthcoming event. So off I went, making reservations, getting headcounts aligning the stars and making sure that all the "T's" were crossed and the "I's" were dotted. The plan was to meet at the Pataconk Inn in Chester, on February 13th, 2024, at 6pm. The "Birthday Girl" and I would show up around 6:30PM and the "Surprise!!!!" would be sprung upon her. Sounds great right??? Well....let's stop right there. There are things in your life you can control, and then there are things in your life that just crush your plans. I, we, were a victim of the latter. You see, on February 13th it started snowing around 5AM and didn't stop snowing until around 8PM. Soooo....I made the call to cancel the "surprise" birthday party for my honey, and made a quiet dinner at home for her and I.

HOWEVER, I was not giving up on the idea. I thought long and hard about an alternate place to have a surprise party for the birthday girl, once again. I was just about to pull the trigger on having a get together at "On The Border" in Rocky Hill, when a thought hit me like a bolt of lightning.

"Why not combine Shari's surprise birthday get together, with a Club Corvette event that I had already planned??" That event was the "Round 2 at the Brushmill by the Waterfall" in Chester, CT. So, I grabbed the phone, called Barb Uliano, and ran the idea by her, since she was the go between for me, reaching out to all the "Corvette ladies". Her first words to me were "I thought about the same thing!! Great Minds and all that"....And so the wheels of planning and moving forward were put into motion once again. This time, the weather threatened again, but with only rain in the forecast, the event was cast in stone. Zina and John arranged for the birthday girls birthday cake to be there, Barb and Ken ushered everyone up to the second floor before Shari and I got there and lo and behold, when we rounded the corner at the top of the stairs at the Brushmill, everyone there shouted out "Happy Birthday!!!" and sang the birthday song to Shari. To say she was surprised would be an understatement. You see I had shared with her the failed attempt, and explained that although I had tried, Mother Nature had other plans on her actual birthday. So, yeah, she didn't see this one coming at all. To Zina and John and Barb and Ken, thanks from the bottom of my heart for making Shari's birthday "One for the Books". Was it really a success you might be asking yourself. Well, on the ride home Shari turned to me and said that, and I quote, "That was the best birthday party I have ever had!!!!". Yea, I'd say it was a success. Thank you my village, thank you my family....Aloha.

Donated Die Cast Collection

Charles Porter was a Corvette enthusiast owning many over his lifetime, an avid collector of die cast models he also enjoyed riding his Harley Davidson Triglide with his wife Jean . The majority of his die cast collection is Franklin Mint 1/24 scale models plus a collection of AMT – ERTL plastic promotional models used to showcase upcoming cars, colors and models that would be available to car dealers. When Charles passed away last February Jean was tasked with deciding what to do with this extensive collection as she prepared to move out of state to live with her daughter. Ultimately, she was referred to me by Ray Zisa from The Corvette Center with how best to liquidate this collection. Jean is a person that you like a minute or so after you have met her, friendly, down to earth, and a very caring partner to Charlie. After explaining the complexity of attempting to determine the value of the collection, I suggested that she donate them to Club Corvette of Connecticut and that we would find an owner that would value each die cast just as Charlie did. She was thrilled when I told Jean that the proceeds would all be donated to The Ronald McDonald House of Connecticut - an organization that she and Charlie were very familiar with and had supported themselves. To say that the collection is extensive is an understatement, all of which are in the original Styrofoam molded package, and many of which have never been opened.

Charlie's collection of 50+ cars is heavily dominated by C1 and C2 models of every color and each in pristine condition. While the collection consists primarily of Corvettes, it also contained a few other classics such as a 1977 Boss 302 Mustang, a 1977 Firebird Trans Am, a 1965 Shelby GT 350 with its own show case, and a collection of Christmas pick-up trucks. After opening each box and cataloging the model, color, and year of each car I began offering these for sale to our membership. Each car purchased to date has been unique and no doubt special in one way or another to the member, something that I think would make Charlie very happy, and Jean very pleased with how we are passing down his prized collection to others.

We have collected over \$1300.00 for Ronald McDonald House so far from the sale of the cars & trucks, and will add it to our donation that will be presented to Ronald McDonald House at our Korvettes for Kids toy drive on December 3rd. There are no price tags on any of the cars, I ask only that you decide how much to pay and this will become part of our donation to RMH. Once again, our members show their generosity in making their donations and helping others in need.

Lucy and I recently visited Jean as we knew that her move date was approaching and committed to keeping her updated on our progress of placing these cars with new owners. As we sat outside chatting on her deck, we found out that Lucy & I share the same wedding date as Jean and Charlie. Jean is a wonderful person, I regret that I never had the privilege of meeting Charlie Porter, I know that I would have liked him very much as well.

Thank you, Charlie!

The Pit Stop

*This may even happen to you!!!
You're in the middle of a project and*

You're in the middle of a project. Maybe, it's tinkering with your Corvette or your Lawnmower or even finishing up a woodworking project and want to paint it...and you reach for a can of Carb cleaner or Brake Part Cleaner or even a can of Spray paint.

You then push the spray tip and.....NOTHING

So, what do you do? Well, if you're anything like me...The first thing you do... well, the **second** thing you do is shake the can, (use your imagination on that first thing}... Yeap... There's still liquid in there. Next maybe, you try to clean the nozzle only to realize that the can you bought 5 years ago has somehow lost all the propellant gas inside. Now what do you do? It'll probably be the same as the FIRST thing from above because now your project has got to be put on hold because a trip to Home Depot or Lowe's is necessary... OR DOES IT HAVE TO BE NECESSARY? 😊

Well, if you have an air compressor and one of these

I'd like you to try this:

First, pull off the spray tip and insert the compressor gun nozzle. Pull the trigger and wait a few seconds. Just long enough for the compressor to recharge the can and **voilà**, You're back in business. Reinsert the spray tip and go finish that project.

Artifact of the Month Avanti

In 1963, automobile designer Margaret “Peg” Sauer began a new challenge. Sauer had previously worked for Harley Earl’s “Damsels of Design” team at General Motors, where she was influential in creating interiors for several GM vehicles in the 1950s. Her new opportunity came with Raymond Loewy’s industrial design studio and a chance to work on its latest project, the Studebaker Avanti. The Avanti was Studebaker’s new luxury performance car, and the automobile manufacturer had tasked Loewy’s team with its design.

In just 40 days, Loewy’s studio crafted a design for a four-seat coupe with a distinct appearance. The Avanti featured an elongated hood and curved rear fenders, which made the car look like a futuristic airplane. Its unusual shape required the body to be molded from fiberglass panels. Since the Avanti lacked a grille across its nose, Loewy’s team designed the car as a “bottom breather,” with air vents placed underneath the front bumper. Sauer’s most notable contribution was a unique glovebox equipped with a pull-out drawer. The drawer contained a flip-up mirror and extra storage space for small items. Yet the Avanti’s innovative design did not save Studebaker’s sagging automobile sales. The company sold fewer than 6,000 Avantis before closing its plant in South Bend, Indiana.

However, the Avanti lived on for several more decades thanks to a series of periodic revivals. The longest-lived of these successor cars were created by former Studebaker dealers Nate and Arnold Altman. The Altman brothers partnered with Leo Newman, who had overseen Studebaker’s truck parts division, to form the Avanti Motor Corporation. From 1965 into the 1980s, Newman and the Altman brothers sold a modified version of the Studebaker Avanti, known as the Avanti II. Each Avanti II was custom ordered and hand-built. Buyers could select a variety of color combinations for the exterior and interior, even down to the shag carpet in the trunk. Avanti IIs also used Chevrolet’s small-block V8 engine, the same power plant as the Corvette.

The National Corvette Museum’s collection includes a 1977 Avanti II donated by Mike Hammer. This car has a gold interior and exterior like a Studebaker Avanti Hammer saw in

his youth. It includes a Corvette engine, a fiberglass body, and the special glovebox design created by Sauer more than 60 years ago.

NCM CORVETTE RAFFLE

The National Corvette Museum is licensed by the Kentucky Department of Charitable Gaming under license number ORG0000854.

Purchasers located in Kentucky can purchase raffle tickets on their personal computers, mobile devices and on-site at the National Corvette Museum and NCM Motorsports Park.

To purchase a raffle ticket online, you must be at least 18 years of age and be physically located in Kentucky at the time of purchase. You do not have to be a resident of Kentucky to participate.

If you are not located in Kentucky and will be using a credit card as your form of payment, you can use the NCM website to interactively create an order form. The payment information will be encrypted for your protection and broken into two parts, some of which will only be on the printed form. You must have access to a printer at the time that you create the order.

You may enter the NCM's Interactive Mode here:

<https://raffle.corvettemuseum.org>

Alternatively, you may download the NCM's Raffle Ticket Request Form at

<https://www.clubcorvettect.com/wp-content/uploads/2022/06/RaffleTicketOrderForm.pdf>

Type your information in the available fields, print the completed form and mail it, with your payment, to the NCM.

Below are current NCM active raffles.

Don't forget for your raffle needs.

You can always contact George Sipprell at: gsipprell@gmail.com

He has tickets for sale!!!

Call him if you need a ticket!!!

2024 UPCOMING NCM EVENTS

*The 7th National Corvette Caravan
is slated for
August 29-31, 2024*

Often referred to as the world's largest moving automotive event, the National Corvette Caravan is a celebration of America's Sports Car, culminating in Bowling Green, Kentucky for the anniversary celebration of the National Corvette Museum. Hosted only once every five years, the next event is slated for Labor Day Weekend 2024 and will mark the Museum's 30th Anniversary.

Regional caravans will form and join other caravans as they travel across the United States to meet in Bowling Green, Kentucky for four days of festivities at the National Corvette Museum. An event such as this requires years of planning and coordinating. All help is appreciated! The Museum is located at I-65, exit 28 in South Central Kentucky and is open daily, 8am to 5pm Central Time. Stay up to day with the Museum by subscribing to emails [online here](#).

Meet the Overall Chair:

Frank Sancineto

I want to welcome all of you Corvette enthusiasts to the 2024 Caravan page! My name is Frank Sancineto and I am your National Chair for the 30th Anniversary Caravan. We do hope you participate in the momentous occasion. There are caravans from all 50 states and Europe that will be joining us for the 2024 caravan. Please take a moment to scroll down this page, click on your state, and contact your Caravan Captain to join in on the excitement and planning. For any information needed, please call me at [919.604.6978](tel:919.604.6978) or email me at nationalchair2024@gmail.com. I am looking forward to seeing you very soon.

- Frank
