Frank & Shari's 2004 C5 convertible is an LS1-powered automatic, finished in Torch Red with a black interior and just 63K miles. They've owned "him" for the past 13 years. Known as "Big Redd," the car hails from New Jersey, where he was found at a Chevy dealership.

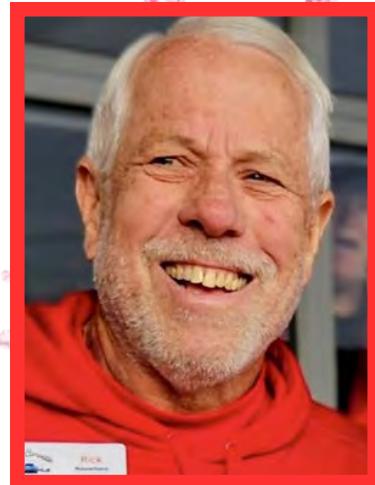

Mostly stock, Big Redd features a Corsa exhaust, a new harmonic balancer and bolt, and a Power Stop braking system with drilled-and-slotted rotors and pads. He also took 1st Place in the C5 class at the 2023 FCO Car Show.

## **President's Message**

### **February 2026**

#### **President's Message – February 2026**

Happy Valentine's Day to all our members, celebrated around the world on February 14th, this holiday is an annual occasion to express love and affection to those closest to us, so HUG somebody special! Planning for our 2026 car show is in full swing, Shari Bugaj has held 3 car show planning meetings with the goal of making our car show a huge success this year. Identifying what we did well, and what we can do better will shape our show this year, and with so many moving parts to the show we do need volunteers to step up and help bring it all together on show day. Alone we can do so little, together we can do so much.

Dave Pascoe has taken over as our newsletter publisher / editor. Kudos to Dave on his first newsletter, great job Dave! Dave had ideas on what he thought would make the newsletter interesting, informative, and well organized, I think he hit a home run on all these objectives.

Our event schedule is beginning to fill out for the upcoming year, BBB at The Brushmill planned in January , a Valentine Day dinner at Sammy's, Old Orchard Beach weekend in June, and our annual Club Picnic on Sunday July 19th. We are also working on a day at Crystal Ridge Winery, I do not have a confirmed date yet, but looking for a Friday in late June so stay tuned as this is one of most widely attended events every year.

Rick

December 15, 2025

Mr. Rick Wasserback  
Club Corvette of Connecticut  
PO Box 120236  
East Haven, CT 06512-0236

Dear Mr. Wasserback,

### Thank You for Giving the Gift of Togetherness

On behalf of Ronald McDonald House Charities of Connecticut and Western Massachusetts and the families who find comfort in our Houses and Family Room, thank you for your recent gift. Your generosity helps keep families together during some of the most difficult times of their lives. Because of you, parents and caregivers can stay just steps away from their child's hospital bed, surrounded by comfort, warm meals, a cozy bed, and compassionate support from staff and volunteers who care.

We are deeply grateful for your 2025 donation of \$7,500.00, received on December 6, 2025, in support of RMHC of Connecticut.

Thanks to your kindness, our Ronald McDonald Houses and Family Room can continue offering lodging, daily essentials, and moments of peace where families find strength to focus fully on their child's care and healing.

From all of us at RMHC of Connecticut and Western Massachusetts, thank you for helping us keep families together when it matters most.

With Gratitude,

Michelle D'Amore  
Chief Executive Officer  
Ronald McDonald House Charities  
of Connecticut and Western Massachusetts

## Ladies Lunch

On Tuesday, February 13, our Corvette Ladies gathered at Café Fiore in Branford for a delightful afternoon of conversation, laughter, and great company. The talk flowed easily, the camaraderie was strong, and everyone enjoyed a relaxing break from the everyday routine. Despite the lively atmosphere, there were—officially—no reports of overexuberance, making it a perfectly well-behaved (and thoroughly enjoyable) outing. L to R - Wendy Hansen, Rhonda Forristall, Judy Townsend, Mary Ann Hultgren, Ann Krajewski, Joyce Baiardi.

The next Ladies luncheon will be on February 18<sup>th</sup> at Lorenzo's II, 516 Rte 80 ste 4, Guilford (Menu: Antipasto). Details are forthcoming. Please RSVP Mary Hultgren at (203) 444-5261 if you plan to attend. 16

# Club Corvette of Connecticut

## The Greater New Haven St. Patrick's Day Parade for 2026

Sunday, March 15, 2026, starting at 1:30 PM, kicking off on Chapel Street at Sherman Avenue, proceeding towards the Green, and turning onto Church, Elm, and Orange Streets; it's Connecticut's largest single-day event, held rain or shine and broadcast live on WTNH.

<https://stpatricksdayparade.org/>

- Meet at the Dunkin Donuts at 470 Derby Ave (RT34) West Haven around noon
- I'll know our parade slot when we get closer to March

Point of Contact is: Jim Gurn 203-258-9014  
Jbgurn49@gmail.com

# Club Corvette of Connecticut

More information regarding the 2026 Back to the Beach Weekend at Old Orchard Beach, ME

## Points of Contact:

Ken Uliano 203-414-7788 [kru518@optonline.net](mailto:kru518@optonline.net)  
Dennis White 860-707-2242 [dwhite0124@yahoo.com](mailto:dwhite0124@yahoo.com)

Planned for: 6/12/2026-6/13/2026

We're happy to announce that the Corvette display downtown and the parade will take place this year. Tentative agenda on the next page.

### **Old Orchard Beach Reservations at Atlantis Motel**

Important Note: All attendees will need to book their own motel rooms for the weekend (2026 only).

- We spoke with Josh directly (vs the website) to make our reservations. He was very helpful and friendly and discounted our rate as members of Club Corvette of Connecticut.
- If you are planning on joining us at **Old Orchard Beach** and staying at **The Atlantis**, I would encourage to make your room reservations today/ASAP

# Club Corvette of Connecticut

Here is a tentative, scaled-back schedule for 2026 only.

Important Note: All attendees will need to book their own motel rooms for the weekend (2026 only).

## Friday June 12

- Evening: Check into motels
- 6:00–7:00 PM: Fielders choice for ice cream
- 7:30 PM – ? DJ Mark (that's me!) at the Atlantis

## Saturday June 13

- 9:00 AM: Meet at Aquaboggan to line up for the caravan downtown
- 10:00 AM – 12:30 PM: Corvette display downtown
- 12:30 PM: Parade departs downtown
- 3:00 PM: Celebration of Life for Sandie on the beach at the Atlantis
- 4:30 PM: Meet at Aquaboggan Water Park for Happy Hour and Dinner
- Cost: \$31 per person
- A few trophies will be awarded

# **Corvette Club of Connecticut**

## **Track Days**

By Darryl DelGiudice

Our 2025 Track Day season wrapped up on November 14th at Thompson Speedway. Conditions were brisk, with temperatures in the 40s, which made grip a challenge—but also added to the fun. Dave Jutcawitz, John Mader, Bob Sicuranza, and I took to the track for the final event of the year.

We were joined by four dedicated club spectators, and we extend our thanks to Todd Loucks, Stewart Teichman, Grant Sanbour, and Harry Hart for braving the cold to support us. Harry rode along with me for several laps and left with a newfound appreciation for threshold braking!

In addition to our regular track-day drivers—John Mader, Bob Sicuranza, and myself—2025 was an exciting year as we welcomed several members who tracked their Corvettes for the very first time. Congratulations to Dave Jutcawitz, JD Venables, Mike Moskowitz, and John Mannello on completing their first official track events!

# **Corvette Club of Connecticut**

# **Track Days**

By Darryl DelGiudice

Each time we visited Thompson Speedway, we had between 10 and 20 club spectators, including guests from FCO, who came out to watch the action, enjoy ride-alongs, and participate in parade laps. Many of us also gathered for lunch together at the track clubhouse restaurant and lounge, which made the days even more enjoyable.

Last year, beyond Thompson, we expanded our reach by running at several new tracks, including Watkins Glen, Pocono, and Canaan Motor Club in New Hampshire. This year, we're excited to continue that momentum with new tracks added for 2026. Below is our 2026 track day schedule, with additional dates likely to be added.

We look forward to representing Club Corvette of CT throughout the season and greatly appreciate the club's continued support. As always, most track events will again include opportunities for all members to take part in parade laps.

If you're unsure whether tracking is for you, come spend a day at the track with us—helmets can be rented for only \$25, and you're welcome to ride along as a passenger with one of our experienced members.

Thank you all for your support!

## **2026 Track Day Schedule**

- **April 17 - 19th Watkins Glen International**
- **May 4 Monticello in NY**
- **May 16 Palmer Mass**
- **June 16 or 17 Monticello (first day it doesn't rain)**
- **September 11 New York Safety Track**
- **October 18 Pocono 4.2 mile mega course**
- **November 6 or 8 Monticello (first day it doesn't rain)**

# The Publisher's Pit Stop

By Dave Pascoe

## Counting the Days Until Spring

Like many of you, my Corvette is tucked away for the winter, safe from snow, salt, and cold temperatures. While it's comforting to know it's protected, I'll admit I sneak a glance at it now and then, already thinking ahead to spring.

There's something special about the first warm day of the year—the cover comes off, the battery tender is unplugged, a quick check of fluids and tire pressure is done, and that familiar engine rumble brings an instant smile. I'm eagerly anticipating those easy joy rides with the top down, heading to Pa's Place down by the waterfront in Guilford, or some other waterfront spot to eat. See a theme?

Spring also means car shows, Cars & Coffee mornings, and club events that fill the calendar quickly. Pulling into a lot full of Corvettes—each one unique—always reminds me that it's not just about the cars. It's the camaraderie of the club, the friendships we've built, and the shared enthusiasm that make every gathering something to look forward to.

Winter gives us time to plan, but spring is where the fun begins. The countdown is on, and before long we'll be back on the road together. How about you? Is your Corvette patiently waiting for warmer weather too? I look forward to seeing everyone at one of our gathering soon!

— Dave

# Club Corvette of Connecticut

## OUR MEMBER IN THE SPOTLIGHT

**Dennis Krajewski**

Our distinguished **Member in the Spotlight** for February is Dennis Krajewski, one of our founding members whose involvement with **Club Corvette of Connecticut** dates back to **1993**. Dennis has been happily married to his wife, **Ann**, for over **54 years**, and together they have two children, **Daniel and Tara**.

*Continued next page*

# Club Corvette of Connecticut

OUR MEMBER IN THE SPOTLIGHT

## **Dennis Krajewski**

Beyond his family, Dennis is known for a few favorite passions: **Disneyland, Corvettes of Carlisle, Club Corvette of Connecticut—and, of course, Corvettes.**

Dennis's love of Corvettes began with his very first one—a **white 1977 coupe with a blue leather interior**. After purchasing that car, he joined the Eastern Connecticut Corvette Club (E.C.C.C.), but as Dennis likes to say, his timing was “impeccable”—the club disbanded just a couple of months later.

Not long after, Dennis heard that several former E.C.C.C. members were meeting to form a new club. On **July 11, 1993**, he attended that meeting and became a member of what we now proudly know as **Club Corvette of Connecticut**. The group was small in those early days, but Dennis was there from the beginning and helped it grow into the strong club it is today.

Dennis quickly became deeply involved in club leadership. Over the years, he served as Vice President under Ron Goldberg (1997–2006), Jack Stacey (2007–2009 and again from 2017–2019), and George Macary (2011). He also served as President from 2012–2016. Since 2019, Dennis has continued his dedicated service as Vice President under Rick Wasserback, a role he still holds today.

# Club Corvette of Connecticut

## OUR MEMBER IN THE SPOTLIGHT

### **Dennis Krajewski**

Dennis's current Corvette lineup includes his pride and joy—a **1978 Pace Car** purchased in **April 1999**. He has taken it to Corvettes of Carlisle several times and even earned a **Celebrity Pick award in 2009**. A few years later, he added a more road-friendly option, purchasing a beautiful **2001 Z06 in Westport, Connecticut**, which has become his daily driver.

Dennis has now been a member of Club Corvette of Connecticut for **more than 33 years** and often says he has never regretted a moment of it. That “little fiberglass car,” as he calls it, opened the door to friendships and experiences he once only read about in magazines. Through the club, he has formed bonds that feel like family—sharing laughter, tears, and countless memories along the way.

Dennis's passion, leadership, and long-standing commitment have helped shape **Club Corvette of Connecticut** into what it is today. We are very proud to shine the spotlight on him and thank him for everything he continues to do for the club.

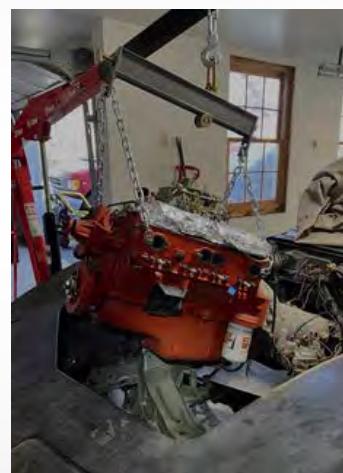

*We're proud to shine the spotlight on Dennis!*

# Club Corvette of Connecticut

## Welcome to Our New Members

### For February 2026

Our newest Member is NOT a new Corvette owner. This project has been in progress for many years.

Tom LaMonte and his wife, Janeane, are from Monroe. He is a retired ER physician who now has time to tackle this job after many years. He bought the car in June, 1976 and has never driven it!

It is a 1972 Steel Cities Gray Coupe w/350.

Please welcome Tom and Janeane

# C4 Squad- Assembly!

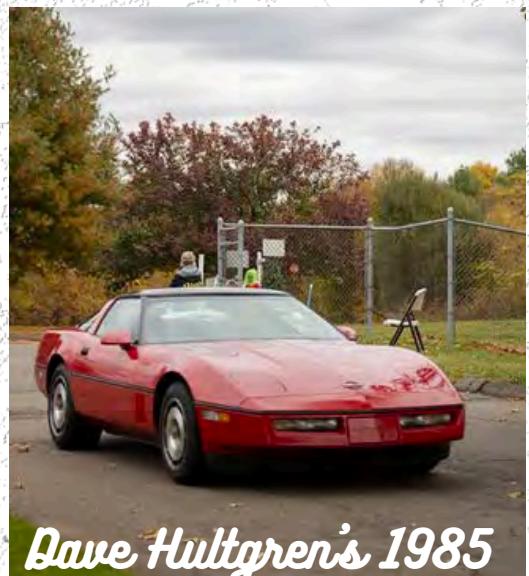

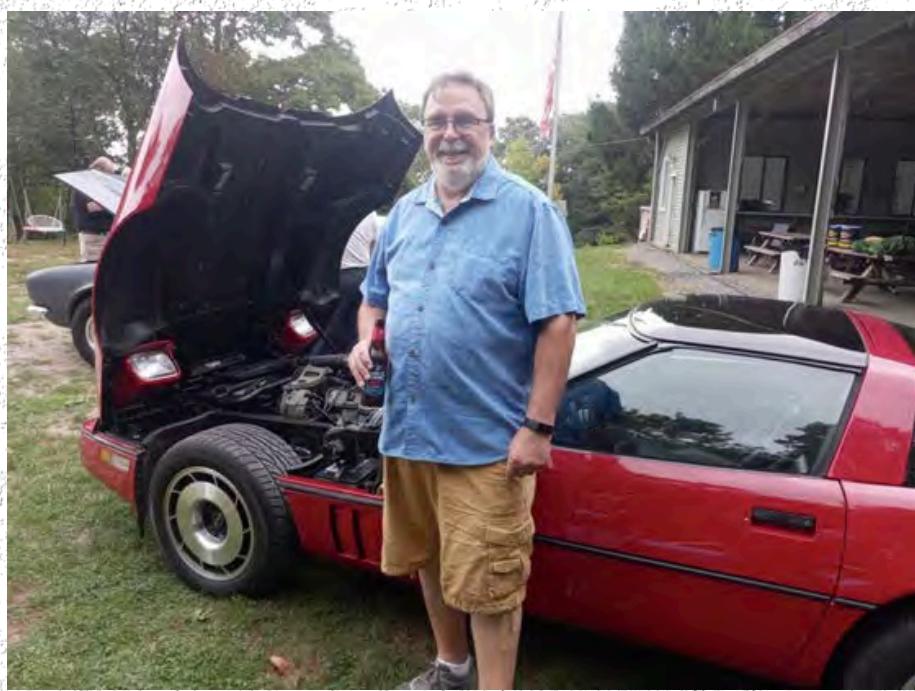

Hello Fellow C4 Corvette Enthusiasts. My name is Dave Pascoe, and I'm the proud owner of a 1995 Polo Green Corvette Convertible – a magnificent C4, just like yours. I absolutely love my car, not just for its looks or performance, but because it represents something truly special: a piece of automotive history that we're lucky enough to preserve and enjoy.

What makes our connection unique is that while every member of the club shares the honor of being a Corvette owner, we C4 owners share an even deeper bond. We know the thrill of driving a Corvette that has stood the test of time for over three decades – and the dedication it takes to keep it running strong. Maintaining and restoring these classics isn't always easy, but that's part of the adventure.

There's something rewarding about sourcing rare parts, fine-tuning performance, and keeping the spirit of these iconic machines alive. It's more than just car ownership – it's a passion, a challenge, and a link to a proud legacy.

I look forward to sharing stories, tips, and experiences with fellow C4 enthusiasts like you. After all, nobody understands a C4 like someone who drives one!

# JALOPNIK

Why Did Corvettes Switch From Fiberglass To SMC Body Materials?

<https://www.jalopnik.com/>

BY PAUL STADDEN JAN. 11, 2026 11:25 PM EST

If there's one factoid the average person knows about Corvettes, it's that those muscular molded panels are made of fiberglass. Well, they were, anyway. That factoid was only true up until around the era where General Motors stopped using whale oil in its automatic transmission fluid. In 1973-ish, Chevrolet switched the Corvette's body panels to a material called SMC, which stands for "sheet molded compound," "sheet molding compound," or "sheet molded composite," depending on how much you want to cover your bases.

The timeline of the plastic fantastic's move away from glass reinforced plastic (GRP), which isn't just a synonym for fiberglass but one type of fiberglass, is a little complicated, so we'll address that later. Before discussing the "when," we must discuss the "why," which is a lot easier to explain. GRP is a reasonably light, strong material that works beautifully in boats and airplanes as well as Corvettes, but if GM can find a superior material for its cars, it will. As long as that material is cheaper and easier to work with, anyway.

SMC is pretty miraculous compared to GRP. Though these materials are reasonably similar, with GRP using thin glass mats embedded in resin and SMC using chopped glass fibers strewn throughout resin, SMC is far less laborious and faster to make. And SMC can be injection molded, requiring less human labor, resulting in more consistent quality. Even better, SMC is more impact-resistant and has a superior strength-to-weight ratio. Plus, SMC is usually smoother and more uniform in appearance than fiberglass. There are literally no downsides to switching from GRP to SMC, so GM happily did just that.
